## QUIGLEY HAILS MOVE TO SAVE BATTLEFIELD

"To me the most encouraging hope of all in connection with the efforts to preserve the Gettysburg Battlefield is the establishment of the Gettysburg Battlefield Preservation Association which received its charter this week," Congressman James M. Quigley told 147 at the Hotel Gettysburg Saturday night at the 29th annual banquet of the Past Commanders and Past Presidents Association of the Sons of Union Veterans commemorating the dedication of the National Cemetery.

Congressman Quigley said: "No speaker could ever say anything as well as commemoration as that which Lincoln said here in dedication of the National Cemetery. 'He spoke of us to the living to be here dedicated to the great task before us.' Quigley said, 'and perhaps one facet of that is an effort to preserve the battlefield on which those who lie in the cemetery dedicated by Lincoln fought.'

"Second Battle" Here  
"The second Battle of Gettysburg is still being waged to preserve the field and protect it for all time from unfortunate commercialization."

"I became interested in the battle last February when as congressman I learned that the appropriations subcommittee of the House had refused to grant the Department of Interior money to purchase needed land at Gettysburg and other Civil War battlefields."

"Here I want to say that when the House agreed with the subcommittee over my objections, the House was not angry at Gettysburg. I believe it was the feeling on the part of many congressmen that the government had not asked enough to take care of the lands it holds, and the committee and

## BATTLEFIELD PRESERVATION GROUP ELECTS

The Gettysburg Battlefield Preservation Association Saturday afternoon re-elected officers as an incorporated organization.

Major William Haller, commanding officer of the Second Engineering Bn. at Fort George G. Meade, Md., was named as chairman with John J. Cabaugh, Harrisburg, vice chairman and Dr. Robert L. Bloom, Gettysburg R. D., secretary-treasurer. The same officers had served the committee organizing the association. The new election was required because of the incorporation of the association this past week by the Adams County courts.

Named as directors were the officers, Dr. Frederick Tilberg, Gettysburg; Theodore M. Whitfield, Westminster; Scott Trexler, Allentown; Robert Hoffmann, Harrisburg; William D. Andes, Lancaster; G. Henry Roth, Gettysburg; Attorney Joseph N. Dempsey, Asbury Park, N. J., and William H. Baker, York.

**To Draw Up Constitution**  
A committee comprising Dr. Tilberg, Roth, Whitfield and Dr. Bloom was appointed to meet with Attorney John MacPhail to draw up a constitution and bylaws for the new organization.

The group voted to have 100,000 folders printed for distribution to Civil War Round Tables and the organizations allied with the Grand Army of the Republic. The folders will outline the need for funds to purchase land at Gettysburg.

In a series of meetings which began Thursday and continued through Saturday, the group met with James Yankauer, secretary to Congressman James Quigley, and a number of others in efforts to secure their interest in connection with the beginning of nationwide publicity about February 1.

Fact sheets were prepared and other details discussed in connection with the national campaign. December 27 at noon at the Hotel Gettysburg was set as the time for the next meeting.

## PARC To Meet Here; Fitzpatrick Speaker

The November meeting of the Adams County Chapter of the Pennsylvania Association for Retarded Children will be held Tuesday at 7:30 p.m. at the Day Care Training Center, High St. School.

This meeting, during National Retarded Children's Week, will have as speaker Vincent J. Fitzpatrick, first vice president and legislative chairman of the National Association for Retarded Children. His subject, "Our Responsibilities And The Road Ahead," will deal with problems which were presented at the NARC convention in Cincinnati last month. Mr. Fitzpatrick participated in its sessions on the work of public institutions, education, workshops and vocational rehabilitation.

One of the major reports presented at the convention was by the research committee showing that there are five million retarded persons in the United States. Medical research has located more than 90 causes for this condition. Genius parents can produce a subnormal child but as more causes of mental retardation are being discovered, the medical profession holds hope that much mental retardation can be curbed by constant and careful prenatal care.

Interested members of the community are welcome at the meeting. Fitzpatrick's presentation will be followed by a social hour.

## RECOMMENDS DIVORCE

Attorney H. Thomas Pyle, master in the divorce action brought by Norma Elaine (Hardman) Ramer, 235 Chambersburg St., against Paul Calvin Ramer, Cashtown, recommends that the divorce be granted on grounds of cruel and barbarous treatment in his report filed with the prothonotary's office. The couple wed in Taneytown in 1940 and separated February 2.

## MOVE TO GET COURT MONEY KNOCKED DOWN

The Adams County court Saturday handed down an opinion ruling that, when the court assigns moneys in a damage suit to a physician, hospital, attorneys, etc., that is where the money should go and no creditor of the petitioner in the case can attach the funds.

The opinion was on an attachment execution of C. E. Wolf, York St., against Zella I. Painter, Gettysburg R. 1, and Edwin R. Miller, McKnightstown.

Mrs. Painter as mother of James W. Painter, 15, a minor injured in an auto accident, instituted a trespass action against Miller. A settlement of \$1,500 was permitted by the court which directed that \$85 of the sum go to Dr. Gerald K. Doo for medical services, \$423.55 to the Warner Hospital for hospitalization, \$375 to the law firm of Swope, Brown and Swope for attorney services, \$18 to Mrs. Painter for damaged clothing and \$598.45 to the minor to be held in trust until he is 21.

**Must Pay Costs**  
Wolf, immediately after entry of the order, caused an attachment execution to issue on Miller, holding he should pay Wolf \$791.29 of the amount, representing \$601.75 Mrs. Painter owes Wolf, plus \$189.54 interest.

Miller and his insurance company then called upon the court to settle the matter. Wolf through his attorneys contended that while the court could allocate funds to the minor, it could not allocate the money to the doctor, hospital and attorneys but instead must allot it to Mrs. Painter on the theory that she was being reimbursed for outlay of money, which would make the doctor, attorney and hospital creditors of Mrs. Painters just as is Wolf.

The court held that the petition asked payment to Mrs. Painter "or to the respective parties named" and that when the court decided to allocate it to the respective parties named it had jurisdiction, could and did so allocate the sums. The court noted that \$18 had gone to Mrs. Painter and held that Wolf as creditor should get that sum and directed Wolf should pay the costs in the attachment execution.

## GAR HONORED AT SATURDAY CEREMONIES

Pennsylvania's adjutant general Saturday afternoon at exercises honoring the Grand Army of the Republic at the GAR Memorial on Hancock Ave. asked a salute as well to the men against whom the Union soldiers fought, and who had met with the GAR "at this very spot in Ziegler's Grove, from time to time . . . for friendly enlightening exchanges and in united loyalty to a united cause which the ensuing years had rendered easier to understand."

Maj. Gen. Anthony J. Drexel Biddle, the adjutant general, concluded: "In raising our hats in solemn salute to the gallant men who lie beneath this soil we honor them all, not asking under which flag they fought at that time — grateful only that those who survived that tragic war joined hands in a united cause and that their descendants stand together under the Stars and Stripes today."

"To Americans and to peoples of the other nations of the world," General Biddle said, "the Grand Army of the Republic symbolizes the patriotism of our country, and the great struggle for liberty and union by the American Army of 1861-1865."

## "Rich Heritage"

"Today the Sons of Union Veterans and other distinguished allied orders have a rich heritage to maintain. They are the heirs to an ideal that inspired hundreds of thousands of men to don the Union Blue and fight on this and other battlefields to preserve the Union."

"It was to honor the known and unknown martyrs, both of the Blue and of the Gray Armies, who lie enshrined beneath these green acres, that President Lincoln consecrated this battlefield in his deeply meaningful address."

"The issues of the conflict were marshalled into clear perspective by two statesmen, Webster and Calhoun."

## Opposing Views

"Webster claimed that 'The Union is one and inseparable, and each state subordinate.' Calhoun contended that 'The state is sovereign and supreme and the National Government secondary.' For about 30 years these conflicting points of view were vehemently debated in Congress."

"One day Beauregard fired on the flag at Fort Sumter. At that moment the debate between Webster and Calhoun was submitted to the arbitration of war. Each side fought furiously to mold the government to its respective views — with all the earnestness of men whose hearts, minds and consciences are committed to an ideal. It was a violent contest between men of the same country

## Housewife Holds Up Return Of Huge Erroneous Check

HOLYOKE, Mass. (AP) — Mrs. James Walsh says she'll gladly give \$4,000,022.75 to a certain bank if it will reimburse a fired teller.

The teller, Miss Ann Talliwell, reportedly was fired because she mistakenly gave a bank check for that amount to Mrs. Walsh.

Mrs. Walsh had gone into the Hadley Falls Trust Co. for a bank check in the amount of \$22.75.

Miss Talliwell hit a wrong g mick on the check writing machine and it came out to \$4,000,022.75.

**Resented Threat**  
Mrs. Walsh, wife of an Air Force sergeant, said she would have surrendered the check immediately had it not been for a threat that if she didn't someone would call on her husband's commanding officer.

Added Mrs. Walsh Sunday night: "Then when I found out they were going to fire that girl, I decided to hang onto it."

"I will not give it up until the bank reimburses her. Maybe I'm stubborn, but I feel everyone makes mistakes, even bank presidents."

George V. Wallace, president of the bank, had no comment.

Mrs. Walsh said she gave the check to her husband when he left for a round trip flight between Westover Air Force Base, Mass., and Goose Bay, Labrador—which may set a new altitude record for a kited check.

Sgt. Walsh, his wife said, is due home "in a day or two." The matter will rest, she added, until his return.

DEAF BOY, 13, CONFESSES IN SIGN LANGUAGE

OLATHE, Kan. (AP)—Thirteen-year-old George Martens, a deaf boy, used sign language and his untrained voice Sunday to tell how he killed an 8-year-old playmate.

Steven Moscoe pleaded for mercy before he died under a rain of knife blows Saturday afternoon, George said.

Coroner John Johnson said Steven's skull was fractured and he was stabbed 47 times in the head, neck, back and chest.

Revenge Over Bike

Martens told police he lured Steven into a clump of timber on the pretext of showing him a dead rabbit, and killed him to get revenge, Steven, he said, had run into George's bike repeatedly and damaged it.

Steven was the son of Marine Staff Sgt. Lawrence Moscoe of Newburgh, N.Y., who is assigned to Olathe Naval Air Station. The Moscoes have two younger children.

George's father, Henry Martens, is an Olathe building contractor. Olathe is on the southwestern fringe of Kansas City's metropolitan area.

Steven left home Saturday afternoon on his bike to play at a schoolground two blocks away. A search was started when he didn't return, and his body was found early Sunday about 200 yards from the nearest house.

Bicycle tracks in the field led officers to question young Martens.

4 MISSING IN HOTEL BLAZE

PEORIA, Ill. (AP)—Four persons were missing today in a second hotel fire within 24 hours in a racially mixed neighborhood near Peoria's downtown district.

While authorities searched the debris of today's fire for the missing persons, the state began a hearing into Sunday's fire.

"I think it could be arson in both cases," said Albert Boulton, the city's chief fire inspector.

He said evidence of a "kerosene-like fluid" was found near the scenes of both fires, which occurred within a six-block area.

Sunday's blaze burned out an apartment hotel being prepared for Negro tenants. No one was injured in that fire. Damage was estimated at \$300,000 to \$400,000.

Today's fast-spreading fire engulfed the Arion Hotel, which catered to white tenants, and spread to two taverns and two homes before it was brought under control. The missing included Louise Scott, Negro, who had been hired as a sitter for the 5-month-old son of a resident of the hotel; two unidentified men and a man named Al Cooper, of Peoria.

Volcano Stops; Observers Baffled

HONOLULU (AP)—Spectacular Kilauea volcano has abruptly ceased flowing.

Activity stopped Saturday night after a week of natural fireworks in which a fiery fountain of lava spouted to heights of more than 1,200 feet.

Volcanologist Jerry Eaton could offer no explanation for the sudden halt in the eruption which attracted thousands of sightseers. Lava still flowed Sunday but the possibility of a renewed eruption narrowed by the hour, Eaton added.

He said it would take decades for the 100-acre lava bed to cool.

Stripper Booked For Impromptu Showing

SAN FRANCISCO (AP)—"What are they bothering me for," asked blonde striptease dancer Terry Kay as police led her to jail, clad in a full-length white leather coat. The coat, said police, was all she wore Sunday when she strolled into a downtown bar and ordered a beer.

The trouble developed, they said, when suddenly she stood up and did a bullfighter's whirl with the coat.

Sobbing, she was booked for a drunkenness investigation. Asked her age, she replied, "About 90."

IKE FLIES BACK TODAY

AUGUSTA, Ga. (AP)—President Eisenhower flies back to Washington today to complete preparations for a good-will trip overseas such as no President ever has attempted.

Take-off time for the capital was an indefinite mid-afternoon. Eisenhower wanted to get in a final round of golf—the 12th in 12 days.

The President's three-continent swing to 11 nations starts Dec. 3. To try to get government affairs and himself into shape for the journey, Eisenhower holed up from Nov. 12 on in the Augusta National Golf Club. The pattern has been work in his office above the pro shop in the morning and 18 holes of golf in the afternoon.

Looked Fit Sunday

The President looked ruddy, bouncy and fit when he and Mrs. Eisenhower attended services Sunday at Reid Memorial Presbyterian Church. They heard what the First Lady called a beautiful prayer that good will come from the trip and that the Lord give her husband strength for it.

Before he sets out, final decisions lie ahead in Washington on the new budget, for the year starting next July 1. It must be ready for the printer around mid-December and for Congress in January. Eisenhower will be gone until just before Christmas.

Also ahead of the President is a conference Nov. 30 which will bring eight congressional leaders of both parties to the White House to discuss the forthcoming tour.

WASHINGTON (AP)—A U.S. government report says that handling of foreign aid to India has improved, but that a number of basic shortcomings remain.

That report from the General Accounting Office brought from one Indian source the comment that "all auditing reports contain a lot of things that can be blown up out of their true magnitude."

### "THIS STRUGGLE"

This struggle seldom eases up . . . it's one relentless storm . . . the only ones who will survive . . . are those who can perform . . . we must be able to bounce back . . . just like a rubber ball . . . we should have faith in great supply . . . to answer every call . . . the most important lesson . . . there is for us to learn . . . is to be self-dependent . . . at almost every turn . . . it's very hard to do I know . . . for in this web of life . . . many times we need someone . . . to help us weather strife . . . with this in mind I end this verse . . . by saying, find true friends . . . and though this struggle may be rough . . . we'll still gain dividends.

### GAR HONORED

(Continued On Page 2)

— heirs of the same traditions — men who loved liberty and held high ideals of personal honor, men of character, as well as of courage.

He noted in his speech: "It is with good reason that the Battle of Gettysburg is conspicuously and indelibly imprinted in the martial annals of our nation. In that the resources of Pennsylvania had been contributing importantly towards the logistical support of the Union Armies, the North would have been delivered a strategic body blow had the Southern forces achieved victory at Gettysburg. The South's effort to shift its theater of operations to Northern Territory was terminated by the outcome. Furthermore, the North's concurrent victory at Vicksburg served to shatter the Confederacy's hopes for intervention by the British and French. These two vital northern success occurring simultaneously served together to dissipate the South's confidence in eventual victory and brought about the turning point in the war."

#### Woolson Honored

Albert C. Lambert, Trenton, N. J., national secretary-treasurer of the Sons of Union Veterans, was master of ceremonies at the program held at the state depicting Albert Woolson, last survivor of the Union Army.

Praise for the GAR was given by the national heads of five organizations founded by the Grand Army: Harold E. Arnold, Coventry, R. I., Sons of Veterans; Mrs. Beatrice S. Riggs, Upland, Calif., the SUV Auxiliary; Miss Josephine E. Parkhurst, Pulaski, N. Y., Woman's Relief Corps; Miss Bertha M. Robbins, Mishawaka, Ind., Daughters of Union Veterans and Mrs. Edna S. Lindsey, Portland, Ore., Ladies of the Grand Army.

Introduced were the state heads of the respective organizations: Edwin K. Kramer, Harrisburg, SUV; Mrs. Helen Hall, Darby, Auxiliary; Mrs. Anna Miller, Harrisburg, ladies of the GAR; Mrs. Bess Kapp, Gettysburg, Daughters of Union Veterans, and Mrs. Helen Bittenbender, Hazleton, Woman's Relief Corps.

#### Pay Tribute

The national and state heads then placed wreaths before the Woolson statue in tribute to the GAR. Following General Biddle's talk Gettysburg Camp 112 SUV presented a pageant of tribute: the New Oxford Sons of Veterans Reserve under command of 1st Lt. Arthur L. Weaver fired the volley. Edward Hughes sounded "taps." Rev. Dr. W. R. Sammel gave the invocation and benediction.

Music of the Civil War period resounded again during the program. The Berlin, Pa., Fife and Drum Corps, which has been in existence for 178 years and which played regularly at the GAR conventions over the years, presented a concert similar to those it played both during the Civil War and afterwards at the GAR sessions.

Honored guests at the C. H. Musselman Company's eighth annual pensioners' banquet held Friday evening were these employees from the Biglerville and Gardners plant who reached retirement age during the last year: Bottom row left to right, Mrs. Maria L. Clapper, Mrs. Naomi Everhart and Mrs. Anna Starry; second row, Mrs. Matilda M. McBeth, Mrs. Viola M. Wilson, Miss Gladys Meals, Miss Flora Hinzman, Mrs. Florence Davis; top row, Elmer A. Snyder, Luther G. Spangler, Earl W. Mickey and Charles E. Heyser. (Diehl Studio Photo)

### QUIGLEY HAILS

(Continued From Page 1)

other congressmen were not going to give money for more land when there was not enough money for the care of the holdings the government already had.

#### Blames Misunderstanding

"Thanks to nationwide publicity and the efforts of the Civil War Round Tables, the Sons of Veterans and other interested groups, the Senate gave the Department of Interior some funds to buy needed land. The Interior Department had sought \$1,250,000. It received \$450,000. And in passing the bill the Senate and House placed in it two very interesting, if annoying, provisions. It specifically stated that none of the money could be spent unless zoning ordinances were put into effect and secondly that none of the money could be spent for the Adams County Home farm.

"The request for zoning has been placed by Congress in a number of other bills in which funds were allocated to buy historic land. It is Congress' belief that this is the best way to protect the federal parks. For if there is no zoning, commercial interests normally gravitate to the edge of the government holdings.

#### Zoning Is Coming

"The second provision came because of a misunderstanding. Congress learned that the county home land would be sold only for the highest dollar. Members of Congress felt that this was unfair when the government was involved in saving a shrine that is as sacred to Adams County as the rest of the nation. What Congress did not know was that under Pennsylvania law the commissioners cannot sell to anybody for less than the highest dollar no matter how much the commissioners might want to do so.

"As of this moment Gettysburg and the Gettysburg area are a long way from passing an effective zoning ordinance and this is understandable. Legally it takes some time to set up a zoning ordinance. In addition people are fearful that it may hurt them. Let me say that I believe Gettysburg and Cumberland Twp. will eventually have zoning ordinances, and not because of the battlefield, nor because of Congress, but because the people will realize that zoning is the only way to protect their own investments and to provide for an orderly development of their town and township.

#### Refers To "Swap" Plan

"When Congress set aside \$450,000 for purchase of land, it said the money should be spent at Gettysburg and Manassas. Unfortunately for us here, Manassas already has an effective zoning ordinance and there is a possibility all of the money may go there.

"But there are some hopes for Gettysburg. At the present there is discussion about a possible swap of some less valuable land presently owned by the National Park Service for the County Home land. However this is a long way off, for it involves approval not only by the commissioners and the Park Service, it involves also approval by the Adams County Courts and an act of Congress. If all of the steps can be successfully completed however it is one way in which part of the needed land can be secured.

"But the most encouraging aspect is the creation of the Gettysburg Battlefield Preservation Association. I urge you to support it to the fullest."

#### Dance After Program

Major Chester S. Shriver, of the staff of the Pennsylvania Brigade, Sons of Veterans Reserve, introduced the toastmaster, Vance E. Beachley, Pennsylvania Department commander of the Armvets, and announced that plans are underway for the 30th annual banquet of the past commanders next November 19. The program on that date will include the annual program at the National Cemetery by the Lincoln Fellowship and Sons of Veterans, the Fourth Annual GAR Remembrance Day program at the Woolson Statue immediately following the National Cemetery program and

### ASKS HIGHER PAY FOR STATE EMPLOYEES

HARRISBURG (AP)—The president of the Pennsylvania State Employees Council says a "very high and expensive turnover" of state employees has resulted from failure to grant them pay increases.

"Just at the point when they are trained, they leave for a higher paying job," said Reuben H. Miller Sunday at the conclusion of the council's annual convention here.

Miller said one of the largest departments, public welfare, has an annual turnover of 40 per cent.

He added that "the higher cost to government of a pay increase would actually be compensated for in the amount of work performed by workers who remain on the job."

#### New Blue Cross

The council urged members to write legislators and Gov. Lawrence to press for a pay raise at the 1960 session of the General Assembly.

In other action at the two-day convention, the council revealed plans for a new Blue Cross program designed exclusively to serve the state's 60,000 employees.

The plan would give a uniform policy for all state employees, wherever they work in the state, Miller said.

He said no cost figures were given, but that the rates would be lower than present rates and lower than the Harrisburg rate.

The council elected Miller president for a fifth two-year term. Robert Thomas, Cresson, was re-elected vice president; Raymond A. Davis, Penn. elected secretary; and Herbert M. Sifford, Greensburg, re-elected treasurer.

### SLIDES BLOCK RAILS, ROADS

SEATTLE, Washn. (AP)—Massive rain-caused slides blocked major rail and highway routes across Cascade Mountains today and trapped 90 passengers for 10 hours in a stalled train until they got out by bus on a one-way road.

A woman was killed in a mountain pass highway accident. Flooding rivers forced evacuation of scores of farm families in northwest Washington valleys.

Three railroads diverted traffic over a combined route south of the trouble zone.

The Milwaukee Road's nine-car Olympian - Hiawatha passenger train was caught between slides Sunday afternoon near Hyak, 60 miles east of Seattle. Buses from Ellensburg, Wash., east of the Cascades, reached the stalled train early today and took the passengers to Spokane for transfer to a makeup train for Chicago.

The buses got through on U.S. Highway 10, restricted to one-way traffic near the slide area where the train was caught.

The Milwaukee, Great Northern and Northern Pacific railroads all halted trains on regular routes

### THREE INJURED

Wetzel, 29, Fairfield R. 1, was going east and Harry C. Taylor, 47, Zullinger, Pa., west when the left fronts of the cars crashed. Damage totaled \$425.

Campbell was headed south Sunday afternoon at 2 o'clock driving one car and towing another. He told police a car ahead slowed quickly and when Campbell attempted to halt his vehicles, the momentum of the towed car caused both autos to roll over off the highway. Damage was estimated at \$200.

## Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

ONE HUNDRED YEARS AGO  
Public Meeting: A highly encouraging meeting of our citizens on the subject of lighting the town with gas, was held in the Arbitration Room of the Court House on Tuesday evening last. On motion of H. J. Fahnestock, Hon. Joel B. Danner was called to the Chair. Hon. S. R. Russell was chosen Secretary.

Prof. M. Jacobs, Hon. R. E. Fisher, D. McConaughy, Esq., R. G. McCreary, Esq., Prof. Muhlenberg and H. J. Stahley made speeches on the occasion, all arguing the importance of the contemplated enterprise and immediate action in carrying it forward. The following committee was appointed to ascertain the number of persons who would take the gas, and the number of Burners, and make report at the next meeting:

Carlisle street — Capt. R. McCurdy, Henry Wantz.  
Baltimore street — H. J. Stahley, David McCreary.  
York street — Hon. S. R. Russell, David Wills, Esq.  
Chambersburg street — D. McConaughy, Esq., A. D. Buehler.  
Middle street — Henry J. Fahnestock, George Little.

For the balance of the town — Hon. J. B. Danner, Prof. Jacobs, R. G. McCreary, Esq.  
Thanksgiving Day passed off in a very orderly manner. Business was pretty generally suspended, and our town presented a very quiet, Sabbath-like appearance. In the forenoon there were religious services in Christ Church — sermon by Rev. Mr. Keiser. The afternoon was generally spent in pleasant social activities.

Bank Of Gettysburg: At an election for Directors of this Institution held on the Monday last, the following gentlemen were chosen:  
David Kendlehart, George Swope, Marcus Samson, William D. Himes, Henry Wirt, Joshua Motter, George Young, E. F. Shorb, D. Wills, H. J. Myers, John K. Longwell, Jacob Resser, John Waugh.

Passenger Train: We are glad to be informed that the Hanover Branch Railroad Company have placed upon their road a train for passengers and baggage exclusively. This will greatly expedite travel and will be felt beneficially on the three roads. The "Cono-wago" is being put in good repair to run the Passenger train.

Burglars About: On Friday night last, the slaughter-house of Mr. Harvey D. Sweney, in this place, was broken into and about 50 lbs. of beef and a quantity of puddings taken. Housekeepers would do well to look after their premises and have them secured at night.

SEVENTY-FIVE YEARS AGO  
Bigger Items: We had quite a variety of weather during last week. On Tuesday it commenced snowing at noon, and snowed incessantly all afternoon. During the night it rained and on Wednesday morning it was very disagreeable and winter like. But this was only to remind us that now it is time to secure our winter's fuel and shut the cellar windows, if not already done.

Mr. Henry Roth has sold his farm in this township to John March, Mr. Roth has purchased the farm of David Moose near Goldenville.

E. C. Tyson, on the farm of C. J. Tyson, reports 3,000 bushels of ears of corn, the product of 28 acres. He has also cut and threshed 1,000 bushels of wheat of this year's crop.

Missionary Box: Yesterday the Woman's and Foreign Missionary Society of Christ (Lutheran) Church of this place shipped their annual contribution of clothing, supplies &c. to the family of one of the needy missionaries laboring in Kansas. The contribution embraces three boxes, two containing clothing &c., the other

## Today's Talk

AUTUMN'S GOLDEN FAREWELL  
For hours I have been watching the silent fall of the leaves — autumn's final farewell to summer. How perfect this demonstration — I look in the face of golden sheets of beauty. What builder or artist could dare to duplicate a thing so perfect as a maple leaf? Now there is a riot of color in different moods. I wish we had longer autumns!

Nature is the great artist. Examine one of these many varieties of leaves. Each is a perfect design, and never varies. Each leaf has a personality of its own. Look at any of these designs. They will fill you with wonder and admiration. These creations, as well as those imitated by lovers of nature, have their way of life. They breathe air like you and I. Study any leaf, then praise it in your heart as it puts on its famous jacket of purple and gold.

Autumns are action times for farmers, birds, and all manner of small animals. Our little friend the squirrel gets very busy storing nuts, cones and other food for the long sleep and cold. And how interesting are the migrations of the thousands of birds! It is amazing how birds get so expert as to know exactly where they migrate to, and they have a return ticket to the warmth of summer.

How keen is our memory as we prepare for Thanksgiving and the beauty of Christmas! How many times our thoughts go back to the times when we had so many of our loved ones to celebrate with us, but the lines grow thinner each year.

Tomorrow Mr. Adams will talk on the subject: "Have You Got That Something?"

## Just Folks

THE BORROWED BABY  
We have a bouncing baby boy; He came to us today.  
He's ours to care for and enjoy, He's ours to romp in play.  
There's sunshine in his every smile,  
God bless his curly head;  
He's come to stay with us awhile— His mother's ill in bed.

Oh, what a change this babe has made  
With us two grownups here;  
Into the house a warmth has strayed  
Where all was chill and drear.  
Now laughter seems to fill the place,  
And radiantly is shed  
The sunshine of his baby face,  
Whose mother's ill in bed.  
Since we've no baby of our own  
To crown our lasting joy,  
We're bowing now before the throne  
Of him, our borrowed boy.  
It may be wrong, but sometimes, when  
In bed he's tucked away,  
We look at him a moment then  
And dread the parting day.

## CASPER WINS MOBILE OPEN

MOBILE, Ala. (AP)—There was no question today as to just who is the hottest golfer of the year—it's Billy Casper Jr.  
Casper won the \$15,000 Mobile Open Tournament Sunday for his fourth victory in the last five starts.

It gave him his fifth tournament win of the year and the \$2,000 top prize raised his total winnings to more than \$35,000 for 1959. He now is third only to Art Wall Jr. and Gene Littler in earnings.

Although Casper won by a two-stroke margin, the victory didn't come easy. And it resulted largely from inability of his closest pursuers to take advantage of a closing slump by the Apple Valley, Calif., finish.

## Threat Of Blast In Derailment

BLOOMSBURG, Pa. (AP)—Fear of a serious explosion lasted for hours after 26 Reading Railroad freight cars containing explosive materials derailed Sunday in a draw.

Firemen spread chemicals on the cars to lessen the danger and cleared by night while work crested the wreckage. Civil Defense was alerted.

Fifteen-hundred feet of track was ripped up. A spokesman for the railroad estimated damage at \$100,000. No one was injured.

The 92-car freight derailed in a cut 30 feet deep on a slight curve in an uninhabited area about eight miles from this central Pennsylvania city and near Route 44, a highway carrying light traffic on Sunday.

The cause of the derailment was not known.

## COMPETITION VERY TOUGH IN CHEMISTRY

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—Competition from within and from without the chemical industry is growing almost as fast as the industry itself. The Manufacturing Chemists' Assn., meeting here Tuesday, notes that "chemical companies produce more than 10,000 products in some 12,500 plants."

The competition can be fierce between different companies producing the same products. It can be even tougher between different products out for the same markets.

Foreign Competition Too  
There is also competition between changing processes for making products, between raw materials, and finally between the all-out chemical companies and outsiders with a chemical as a side product. And these last sometimes grow into full blown chemical divisions.

The association also notes that foreign competition is gaining. And part of Tuesday's session will concentrate on international relations.

The association counts 230 domestic producers competing for the markets in plastics materials, 84 for sulfuric acid, 7 for photo chemicals, 9 for explosives, 54 for dyes, 1,429 for paints, and 90 for oxygen.

Man Vs. Nature  
The chemists get really competitive with their own products amongst themselves. High tenacity rayon competes with nylon. Celophane competes with polyethylene film, and wax paper competes with both as well as with aluminum foil.

And a long list of man-made fibers compete with natural fibers—or, increasingly, join up with them in blends.  
The chemist can choose between coal and petroleum as a source for raw material for phthalic anhydride, between molasses and petroleum for ethyl alcohol, between natural fats and petroleum for detergents.

Oil Companies Too  
Chemical research is a prime source of competition. New products and processes have been developed so fast in the last 10 years as to afford any company a monopoly for a very limited time, the association contends.

The association points out that sizeable portions of various markets are being captured by companies not primarily or originally involved in chemical production. Most of the oil companies fit into this list.

## Witnesses Going To Circuit Assembly

The Gettysburg congregation of Jehovah's Witnesses was advised of a circuit assembly to be held December 11 to 13, at the Central Junior High School, Chambersburg, by Harold Cluck, presiding minister of the local group, following the weekly ministry development class Thursday evening.

Delegates will attend from southern Pennsylvania, northern Maryland, and Martinsburg, W. Va. More than 1,200 are expected. About 50 will be present from Gettysburg.

Cluck said: "The theme of the assembly is 'Do The Divine Will.' This will emphasize the pressing need for Christians now to become qualified teachers of God's Word. We will apply our training for the ministry, by making calls on residents in Chambersburg, encouraging Bible study within the family unit. Jehovah's Witnesses realized a 1264 per cent increase in the 20 years."

The three-day program will consist of talks, group discussions, demonstrations and the showing of the color film, "Divine Will International Assembly of Jehovah's Witnesses." The climax will be a public Bible talk Sunday afternoon at 3 o'clock when David J. Thomas, district supervisor from Brooklyn, N. Y., will speak on "When Is God's Will To Be Done On Earth?" The public is invited.

## SAYS AFL-CIO SHOULD HELP IN USW STRIKE

McKEESPORT, Pa. (AP)—Donald C. Rarick, who in the past has found fault with United Steelworkers' leadership, said today the AFL-CIO should set up a fund to assist steelworkers if they strike again.

Rarick gained prominence in 1957 when he unsuccessfully opposed USW President David J. McDonald's bid for re-election. He also headed the Dues Protest Committee that fought against an increase in the USW membership dues.

Rarick, now president of the USW Local at U. S. Steel Corp.'s Irvin Works in McKeesport, said he plans to write to George Meany, president of the AFL-CIO, and recommend that a strike fund be formed immediately.

"McDonald has my full support in the USW effort to win a new labor contract with the steel industry," Rarick said, referring to a 116-day strike that was halted Nov. 7 by a Taft-Hartley injunction. He added:  
"As conditions now stand there seems no other course but to renew the strike when the injunction expires Jan. 26. But the AFL-CIO should bear some of the burden and aid the steelworkers if the strike is renewed."

## NATIONALISM KEY TO CRISIS IN PANAMA

PANAMA (AP)—Many Panamanians say nationalism, rather than anti-Americanism, inspired the current crisis in U.S.-Panamanian affairs. There is fear of renewed rioting in the Panama Canal zone next Saturday.

The visit here of Livingston Merchant, U.S. deputy undersecretary of state, is one sign of the diplomatic activity on both sides to avert what many Panamanian leaders fear might be a worse outbreak than that of Nov. 3 when 82 persons were injured.

Nov. 28 is the anniversary of Panama's independence from Spain. Reports from the provinces say hundreds are planning a parade to the capital that day. Feelings whipped up over the issue of sovereignty over the Canal Zone could get out of the control of either President Ernesto de La Guardia Jr., or the opposition Chief, Aquilino Boyd.

Some members of Panama's national assembly have suggested that Panama's flag flown along side the Stars and Stripes would satisfy the country's sovereignty claims without affecting U.S. jurisdiction.

## Bullets Wallop Temple 35-0 As Little Sparks Offense With Aerials

Gettysburg College wound up its 1959 football season by lacing winless Temple 35-0 here Saturday afternoon before 3,500 fans who watched the one-sided affair. The victory gave the Bullets second place in the Middle Atlantic University Division.

Both teams lowered the curtain on their 1959 season. Gettysburg wound up with a 5-4 record record and a 3-2 Middle Atlantic Conference slate while Temple dropped its 21st contest in a row.

Earl Little, Gettysburg quarterback, tossed 13 aeriels, completed nine for 164 yards. The sophomore quarterback also ran for one touchdown, kicked three out of three extra points and threw for another. Little finished the season as the top Bullet total offensive man with 591 yards and tied Eddie Lucas for points scored with 24.

Coach Gene Haas' gridders tallied their first TD 5:18 minutes through the initial frame. Following an exchange of fumbles, with John Rose, tackle, recovering the second, giving the Bullets the ball on the Gettysburg 43. Little then fired a pass to end Chet Knight who took the ball in on the Owl's 25 and tried to dash into the end zone, but bobbled the ball and was forced to settle for a 52-yard gain to the Temple five. Lucas on two carries moved the ball to the one from where Ernie Veltien bolted over for the score. Little's placement was good.

**Little Dashes Over**

Gettysburg's second score came with only six seconds remaining in the first period. With the pigskin resting on their own 25 via a downed Owl punt, Gettysburg moved the ball on 15 plays and five first downs to play dirt. Again it was Little and his favorite receiver, Harry Richter, gaining most of the yardage. Little fired five passes with Richter catching four. With the ball on the seven-yard line, Little faked a pass, then dashed off left tackle and into the end zone standing up. The Bullet signal caller also added the placement.

Before intermission the Bullets racked up their third six-point. With 3:12 minutes left in the half, Harry Richter blocked a Chick Downham punt which rolled into the end zone where Knight landed on the loose ball. Little added his third extra kick.

Gettysburg continued their romp in the third frame when Eddie Lucas plunged over from the one and Little tossed to Knight for the extra point. In the fourth quarter third-string quarterback Don Carpenter spotted Richtner in the end zone from eight yards out and the final TD. This time Carpenter's run for the conversion was stopped.

**Star On Line**

Temple was held in every respect by a determined Bullet defense, in particular the rushing of tackle Jim Hess and end Harry Richter. Hess time and again kept the passer for substantial losses while Richter blocked two Owl punts and partially stopped another. Temple advanced only once across the 50-yard line. Their deepest penetration was to the Gettysburg 30.

Haas used his entire bench during the second half with the third and fourth team doing most of the playing. Tackle Fred Mink put pressure on Temple runners and once recovered a fumble. Carpenter completed two of three passes, one for a TD.

The sports writers and announcers selected Eddie Lucas, Eddy-stone, Pa., back of the week and Harry Richter as lineman. Earl Little was top choice for the sophomore of the week with his outstanding performance.

The game was delayed about five minutes in the first quarter when Referee Paul Bernha became caught in a mass of players on the kickoff following the first Bullet TD and suffered a "clip." He attempted to continue officiating but was forced to retire after several minutes and the game resumed with three officials handling the game.

## MORE SCHOOLS IN PA. CLOSE WITH NO LOSS

### By FRED WALTERS

**HARRISBURG (AP)** — Seven more teams have joined the 19 Pennsylvania scholastic football teams which wound up the 1959 season unbeaten.

They were Ambler, Piquette, X of Roseto, Lancaster, East Pennsboro, Braddock, Union Twp. and Avonworth.

Braddock, in the top weekend game, defeated Waynesburg, 25-7, for an unprecedented sixth straight WPIAL Class A championship. The victory ran Braddock's winning streak to 45 games and was its 55th game without defeat. It was tied by Midland in the 1954 playoff.

### Lancaster Beats York

East Pennsboro, meanwhile, preserved its unusual distinction of being unbeaten, untied and also unscored upon with a 28-0 victory over Camp Hill.

Union Twp. and Avonworth tied 13-13 in the WPIAL Class B title game.

Ambler's 16-13 victory over Springfield Twp. of Montgomery County not only ran its streak to 21 but also wrapped up another Bux-Mont championship for the Trojans.

### Four Other Possibles

Piquette beat Phillipsburg (NJ) Parochial, 7-0, Sunday to finish the season 9-0.

Four other teams have a chance to join the unbeaten list in Thanksgiving Day winnups: Clifton Heights, Northampton, Wilkes-Barre Meyers and once-tied Kingston Catholic.

Aliquippa and Charleroi, both with all-winning records, meet Saturday for the WPIAL-AA championship.

These 11 schools, meanwhile, already have finished the season unbeaten and untied: Wyomissing, Hanover, Perry Joint, Bellmar, Johnstown, Richland Twp., Scott Twp., Springdale, Shady Side, Avella and Saegertown. Six other teams had only ties to mar an otherwise perfect season: Coraopolis (twice), Masontown, Farrell (twice), Monticau, Franklin and Bradford.

## SCRIBES PICK ALL-STAR TEAM

Selections for the 1959 All-South Penn Conference football team were made Sunday afternoon at a meeting of the South Penn Sportswriters and Sportscasters Association held in the offices of The Gettysburg Times.

Edouard Grenier, Hanover Evening Sun, president, presided at the meeting which was attended by representatives of four newspapers and two radio stations.

The selections will be published on Wednesday.

A series of articles on prospects of the South Penn basketball teams will be published as follows: December 24, Biglerville; 26, Carlisle; 28, Cedar Cliff; 29, Chambersburg; 30, Gettysburg; 31, Hanover, and January 2, Waynesboro. The league will open on Tuesday, January 5.

Attending the meeting in addition to Grenier were: Jess Garber, Waynesboro Record Herald; Robert Cox, Chambersburg Public Opinion; Don Bream, Gettysburg Times; Tom Smyser, Hanover WHVR, and Tom Kollins, Chambersburg WCHA.

## MADCAP MAX BAER IS DEAD IN CALIFORNIA

Harry Markson, former publicist, sports writer and now general manager of boxing at Madison Square Garden, was a long time personal friend of Max Baer, who died Saturday in Hollywood.

**By HARRY MARKSON**

**NEW YORK (AP)** — To a sport that is often grim and sometimes cruel, Max Baer contributed laughter. He was boxing's merry jester, always playing the part of madcap Max, the California clown.

There was the night he won the heavyweight crown in a wild scramble with Primo Carnera. Time after time Baer's smashing right sent Carnera to the canvas. In the tenth round a Baer swing not only dropped Primo but sent Maxie tumbling to the canvas on top of him.

"Last one up is a sissy," said Max to Primo.

### Faced Louis

There was the night he attempted to halt the progress of a rising young Detroit heavyweight named Joe Louis. Some 80,000 spectators sat in New York's Yankee Stadium to see what would happen when Baer's mighty right fist smashed against the young Brown Bomber's jaw.

Baer never got to throw it. He was too busy defending against the incessantly pounding fists of the young Louis. Then, in the fourth round, Max had enough, dropped to one knee by a sizzling left hook, Max paid little attention to the referee's count. Instead he calmly raised his glove hand and smiling waved goodbye to the crowd.

"It was good for a laugh," Max told reporters.

### Tuesday Burial

Tuesday they bury the merry mad cap of boxing in Sacramento, Calif., Baer's home base for 30 of his 50 years. He died of a heart attack in Hollywood, Calif., as he lived with a quick quip.

He became ill while shaving in his hotel room and telephoned for a physician. Asked by the switchboard operator if he wanted the house doctor, Max replied: "No, I'm not a house. Call me a people doctor."

## PISTONS LEAD NBA IN WEST

### By THE ASSOCIATED PRESS

The Detroit Pistons, rated only a so-so club in the pre-season estimates, have vaulted into the lead in the Western Division of the National Basketball Assn. on the strength of two impressive week-end victories.

The Pistons toppled the New York Knicks 115-104 Sunday night. Saturday night, they defeated the St. Louis Hawks 109-107. The triumphs gave Detroit a 9-9 record. The Hawks, who were also beaten by Cincinnati 106-100 Sunday, dropped to second with a 5-6 mark. In another game Sunday night, Wilt Chamberlain's 37 points pushed Philadelphia to a 114-103 victory over Syracuse.

Chuck Noble was Detroit's big gun against New York. He pumped in 26 points, 19 of them in the first half as the Pistons rallied to take the lead late in the first period and never relinquished it. Willie Naulls was high for New York with 23 points.

Hub Reed, a former St. Louis player, helped Cincinnati end a nine-game losing streak. He scored 23 points against his one-time teammates. Bob Pettit was high for the Hawks with 39. Jack Twyman, the Royals' scoring ace, had 25.

## BIG QUESTIONS UNANSWERED FOR COLLEGES

### By HUGH FULLERTON JR.

#### Associated Press Sports Writer

The 1959 college football season, an unpredictable and confusing thing from the start, heads into its final stages with almost as many unanswered questions as a soap opera's last act.

Will Louisiana State and Penn State decide today to accept the bowl invitations that already have been proffered?

Can Syracuse, after an extra week of viewing with alarm, survive the really potent threat of UCLA and finish the season as the only unbeaten and untied major team?

### One Bowl Settled

So far, only one of the major bowl games is set with two teams. Three others have firm acceptance from one team and one, the Gator Bowl, has a conditional acceptance.

Washington earned the right to represent the West in the Rose Bowl by thumping Washington State 20-0 last Saturday. Wisconsin, surviving an 11-7 squeaker against Minnesota while North-western was taking a 28-0 thumping from Illinois, became the first two-time loser ever to win the Big Ten title. The Badgers were selected Sunday, though not unanimously, as their conference's representative.

Syracuse had accepted a Cotton Bowl bid even before its ninth straight victory, a 46-0 breeze against Boston University. Syracuse is idle this week before meeting UCLA, which knocked Southern California from the unbeaten list 10-3.

### Bowl For Missouri

Missouri earned a place in the Orange Bowl by beating Kansas 12-9 to take second place in the big eight behind Oklahoma, which won its 12th straight title. Texas Christian accepted a bid to play in the Dec. 19 Blue-Bonnet Bowl at Houston after whipping Rice 35-6.

Arkansas, discounting its chances for an undisputed Southwest Conference title and an automatic bid to play Syracuse in the Cotton Bowl, already has committed itself conditionally to the Gator Bowl Jan. 2.

Texas can tie Arkansas in the conference by beating Texas A&M Thursday and TCU can do it by whipping Southern Methodist Saturday. In the event of a tie, Texas has the bowl call.

### Penn Faces Cornell

Penn State, despite its surprising 22-7 loss to Pitt, still is first choice for the Dec. 19 Liberty Bowl in Philadelphia and Louisiana State is No. 1 on the list for the Sugar Bowl, which is contemplating a replay of the LSU-Mississippi game. LSU players are slated to vote on the matter this evening.

Georgia, the Southeastern Conference champion, and Clemson, Atlantic Coast Conference winner, Miami (Fla.), Alabama, South Carolina and perhaps some others are being considered to round out the bowl lineup.

Among the non-bowling conferences, Pennsylvania has to beat Cornell Thursday to take the Ivy League title from defending champion Dartmouth, which kept its chances alive with a last minute 12-7 decision over Princeton. Virginia Tech and Virginia Military are due to settle the Southern Conference race at Roanoke, Va., Thursday.

### 100,000 For Army-Navy

The Missouri Valley race, as close as the Southwest, can wind up in a three-way tie among Tulsa, Houston and North Texas if Tulsa beats Wichita Thursday. Sun Bowl bound North Texas has ended its season while Houston winds up against Washington State.

Wyoming clinched the Skyline championship when Brigham Young upset Colorado State U. 14-13.

Last, but by no means least, come Army (4-3-1 so far this season) and Navy (4-4-1). They're not going anywhere except into the

## Canners Lose Out To East Pennsboro

East Pennsboro's undefeated and unscored upon football team clinched the Class B Division title of the Lower Susquehanna Conference by defeating Camp Hill 28-0 Saturday afternoon.

Biglerville had led the division throughout the season and posted a 5-0 league mark but East Pennsboro's victory in the last game of the season boosted it into first place under the intricate point system of determining the standings.

## BEAR SEASON OPENS TODAY

**HARRISBURG (AP)** — Pennsylvania sportsmen with a yen for big game and rugged hunting swap their shotguns today for high powered rifles as the Commonwealth bear season opens.

The wily and powerful black bear is expected to be the prey of from 150,000 to 200,000 hunters, provided weather conditions are right.

The season which started at 7 a.m. this morning, will last only for one week, ending Saturday at 5 p.m. Legal hunting hours are 7 a.m. to 5 p.m. each day.

The State Game Commission anticipates that the hunting will be about as good as last year when over 4000 bears were reported shot.

Rugged mountain areas in the northern counties provide the best bear hunting.

The largest black bear bagged in Pennsylvania, a commission spokesman said, weighed 627 pounds and was taken some 30 years ago. On the average, a 400 pound animal is considered large.

## TWIN CITIES' GRID FUTURE BEING FORMED

### By JIM KLOBUCHAR

**MINNEAPOLIS, Minn. (AP)** — A tempest over the pro football future of Minneapolis-St. Paul got the American Football League off on a bewildering start today in its struggle to go into action by 1960.

An 11th hour attempt to swing the Twin Cities into the National Football League failed, for the time being at least, to dislodge the Minneapolis-St. Paul entry from its membership in the new league.

Armed with a pledge by the cities' principal backers that they will stick with the AFL and field a team next year, league organizers went ahead with plans for a player draft begun Sunday night.

But the possibility that a National League team may be operating in the Twin Cities in 1960 hung uncertainly in the background. The situation was tangled by unanswered questions about stadium commitments, contract obligations and financial backing.

The American League sounded its challenge to the durable and successful NFL by drafting some of the most renowned names in college football in the opening round of its selections.

All undoubtedly will be drafted by the NFL also, raising the signal for an inevitable bidding fight to sign them to contracts.

The first player selected by the AFL was Southern Methodist's star quarterback Don Meredith, picked by Dallas.

Houston drew All-America halfback Billy Cannon of Louisiana State and Buffalo drafted quarterback Richie Lucas of Penn State. Quarterback George Izo of Notre Dame was picked off by the New York Titans in a coin flip with Los Angeles and Minneapolis-St. Paul.

The Twin Cities hassle developed after Charles Johnson, executive sports editor of the Minneapolis Star and Tribune, disclosed that 10 of the National League's 12 clubs had agreed to accept a request by Minneapolis-St. Paul for membership in the NFL.

## COLTS, GIANTS STEERING FOR '59 PLAYOFF

### By MIKE RATHET

Charley Conerly and Johnny Unitas are steering their teams toward a replay of last year's sudden death struggle for the National Football League championship.

The 38-year-old Conerly, a veteran of 12 pro football campaigns, fired a New York second half rally with two touchdown passes Sunday as the Giants whipped Chicago's Cardinals 30-20 and took over sole possession of first place in the Eastern Conference.

Still hobbled by the ankle injury that had sidelined him for two games, Conerly pitched 33 yards to Frank Gifford and one TD and arched a 45-yarder to Bob Schnelker for another score to erase a 14-13 Cardinal lead.

### Colts Thump 49ers

Equally adept at the quarterback post, the 26-year-old Unitas led Baltimore to a 45-14 thumping of San Francisco. The triumph enabled the defending champion Colts to deadlock the 49ers for the Western Conference's top spot.

The Giants now lead the Eastern Conference pack by one game over Cleveland and Philadelphia, who are tied for the runner-up position with 6-3 records. The Browns were kayoed by the Pittsburgh Steelers 21-20. The Eagles edged Los Angeles 23-20.

The Colts and 49ers, both 6-3, are a game up on Chicago's fast-rising Bears, 24-14 conquerors of Detroit. Green Bay held fourth with a 21-0 blanking of Washington.

## Let's Look At The Record

**PUERTO RICO SIMMERS**  
Island Has Four Political Parties  
Independence Is Theirs For The Asking

By JIM DAN HILL, Ph.D.  
President, Wisconsin State  
College, Superior

**FIFTY STARS** in the flag. Fifty states in the Union. How soon, if ever, will there be more? When Hawaii recently made the grade, most pundits proclaimed it to be the end of an age of expansion that began with the admission of Kentucky, the fourteenth state, in 1792.

They were most likely wrong. In the jubilation for Hawaii, they overlooked Puerto Rico's capacity for being dissatisfied.

**THE PEOPLE** of no state in the Union have as good a deal as do the Puerto Ricans. They are exempt from all United States taxes, even those on luxuries and incomes.

The excuse for this is the absence of senatorial representation in Washington and but one man, elected for four years, in the lower house of Congress.

Neither Hawaii nor Alaska, as a territory, had any such happy deal. Had they been so fortunate taxwise, it is not likely they could have been eulogized into accepting statehood.

Puerto Ricans in Puerto Rico have no vote for an American President. Those who move to continental America, like all other citizens, vote pursuant to the laws of their home state. The island, however, is allowed a quota of delegates to both the Republican and Democratic nominating conventions. In some respects this is just as good as official electoral college votes.

**THE CONSTITUTION** of the commonwealth of Puerto Rico, proclaimed only seven years ago, allows them to elect all their own officers, executive, judicial and legislative—privileges never enjoyed by either Alaska or Hawaii when they were territories.

But all these exceptional privileges have not allayed discontent with their status. There are four political parties and the major excuse for each is its attitude toward the United States.

**THE ESTADISTA PARTY** exists primarily to gain statehood within the United States. The Es-

tadistas happily argue the Federal income tax could not hurt because incomes in Puerto Rico are so low the burden would be light. The Estadistas are expected to gain in strength before the 1960 election. Press reports assume Governor Luis Munoz Marin will seek another four-year term. All think he will win, barring excessive losses to the Estadistas on one side and Independistas on the other.

Luis A. Ferre, leader of the Estadistas, insists he can defeat Governor Luis Munoz Marin in 1960. He cites the powerful "emotional impetus" toward statehood, as a result of Hawaii and Alaska. He claims six out of seven want statehood without delay.

Automobile stickers are beginning to appear, most particularly in the city of Ponce, that simply proclaim "Estate 51" (51st state). This is hardly surprising, since Ponce is Mr. Ferre's home town.

**GOVERNOR LUIS** Munoz Marin leads the Popular Democratic Party. They know a good thing when they have it. Until recently they have made no concessions toward any change whatsoever. However, between the pressures from the Estadistas on one side and the Independistas on the other, they now view statehood as a distant goal. The governor told a New York Times man: "Statehood would be economically feasible only when Puerto Rico catches up with the per capita income of the poorest state on the mainland. Economists say this could happen in 1992 if our present rate of growth continues."

**THE INDEPENDISTA** Party demands complete independence through legal means. This party often becomes quite emotional, noisy and vocal—with few kind words for America. As the Popular Democrats edge toward statehood, they will lose voters to the Independistas who now enroll nearly 100,000 voters.

The Nacionalistas are considered quite weak in numbers, but actually are of unknown strength. They advocate violence and are

**ON PUERTO RICAN INDEPENDENCE** President Eisenhower's message, dated November 27, 1953, to the General Assembly of the U.N. is noteworthy: "If at any time the Legislative Assembly of Puerto Rico adopts a resolution in favor of more complete or even absolute independence" he would "immediately thereafter recommend to Congress that such independence be granted."

Accordingly, should some rabid Puerto Ricans again try to kill the President, as they did in Truman's day, they will be pulling their Smith and Wessons on the

### Sterling Hayden Resting In Jail

LOS ANGELES (AP)—"I don't guess anybody likes the idea of being locked up," actor Sterling Hayden told newsmen. "But I realize that in my case it is a possibility. Of course, I could use a rest."

The actor was in court Friday for another legal row with his ex-wife, Betty Ann Hayden. He faces a hearing Jan. 4 on a contempt charge. His ex-wife contends he violated a court order forbidding him to take the couple's four children on a schooner to Tahiti.

In the hearing, Mrs. Hayden sought to regain custody of the children, ranging in ages from 7 to 11. The youngsters were given to Hayden after a bitter divorce fight.

## STEELMEN READY TO GO OUT AGAIN

MORRISVILLE, Pa. (AP)—"Even if it means eating mush until it comes out of my ears," said one steelworker, "I'm ready to go back on strike when the injunction expires in January."

His comment was typical of the attitude of some of the 5,900 production employees at the U. S. Steel Corporation's huge Fairless Works.

The men will be paid Wednesday for the first time since July, when the long steel strike began. Those few who returned to work Nov. 7, right after the Taft-Hartley injunction was issued, will be paid for eight days, through Nov. 14. The rest will be paid for four, five or six days.

Spot interviews over the week-end disclosed the men were thinking mostly now of what they will do with their meager first pay checks: make overdue mortgage payments, car payments, and per-

## DENIES POSING AS M.D. STUDENT

NEWARK, N. J. (AP)—John Willie Covington has denied that he posed as a medical student to get a hospital job, and police say they can find no law he has violated in this respect.

Covington served six weeks at Marlton Medical Center aiding interns and performing a number of suturing tasks.

Marlton claims he originally stated he had studied at several universities. He was fired when the hospital learned otherwise.

But Covington insists that Marlton required only an oral examination before he was accepted there. The only credentials asked, he said, was proof that he had applied to be a medical student.

Covington, a 23-year-old Negro, is being held by police for an entirely different charge—that of passing a \$10 bad check. Police say he passed the check Oct. 24 to rent a dinner jacket so he could appear with a church choir.

## SCHOOL AID ON FIRE HAZARDS IS GIVEN OK

HARRISBURG (AP)—A plan to help schools eliminate fire hazards with money from the state's special school fund has cleared the Legislature and is awaiting action by the governor.

The special school fund, now running about four million dollars, derives its income mainly from estates of persons who died without heirs and through interest on the fund itself.

It is used for educational research projects, but legislation approved by the House Friday changes restrictions to permit its use for eliminating fire hazards in public schools and state teachers colleges.

### House Concurs

The measure went to the governor after the House concurred, 159-0, in Senate amendments.

Hundreds of school districts in the state have been ordered in the past year to correct fire hazards. The Labor and Industry Department has estimated it would require 8 million dollars to eliminate fire hazards found so far.

Under the plan the State Council of Education would continue to handle disbursements from the fund.

### Up To 100 Per Cent

School districts would be eligible for the money on a first-come, first-served basis, after their plans for repair projects were approved by the State Bureau of School Buildings.

State aid would range from 5 per cent to 75 per cent of the cost of a project, depending on the wealth of a district.

Financially distressed school districts would be eligible for 100

per cent reimbursement if they already receive special state aid for teachers salaries and other items.

### Raise For Police

Other legislative developments: State police—Gov. Lawrence approved by executive action a \$300 annual pay increase for the nearly 2,100 state police in Pennsylvania, effective Dec. 3.

A spokesman for the governor and Col. Frank G. McCartney, police commissioner, said the increase was granted, effective Dec. 3, to put the extra money in the troopers' pockets a month earlier than a bill pending in the Legislature would have.

The governor's action also included a \$1 increase in the daily assistance allowance.

### Thanksgiving Recess

Recess—The Legislature wound up its first five-day week of the 1959 session and then recessed for Thanksgiving week. The Senate will return Nov. 30 but the House put off its return until Dec. 1.

Senate Republicans are pushing for an end to the current session for the week of Nov. 30.

Professional license fees — The House adopted a series of conference reports increasing the license fees of professional persons ranging from doctors and dentists to real estate salesmen and pharmacists. The reports were sent to the Senate.

Doctors, for example, would see their license fees jump from \$1 a year to \$10 for a two-year period.

The House, however, rejected a plan to increase the fee for registered nurses from \$1 a year to \$4 for two years.

Blind pensions—A House-passed plan to increase pensions for the blind from \$60 a month to \$70 was approved by the Senate and returned to the House for concurrence.

The limit of the annual outside income of a sightless person to qualify for the pension was increased from \$1,780 to \$2,040.

## TODAY SHOW IS TAPED SAYS GARROWAY

NEW YORK (AP)—Dave Garroway used a quarter-hour portion of a recent morning television program today to answer what he termed "unconscionable smears" against the show because of its advance recording.

Garroway said such smears resulted from a previous episode on the NBC "Today" program during which he showed emotional stress while speaking of Charles Van Doren.

Van Doren had just been fired from a position with the network after admitting to congressional probers that he lied in denying he received help while a contestant on the former "Twenty-One" quiz program over NBC.

### Remarks Taped

Garroway said the "Today" program had been attacked as deceitful in some quarters because his remarks had been recorded on video tape the afternoon before the program was aired.

"We have been accused of deceit. Our integrity has been attacked. I feel I must answer directly now. When I'm accused of dishonesty I feel I must answer," said Garroway.

"This program is taped. The words I'm speaking now were recorded 14½ hours ago. I thought everybody understood this. Apparently that is not the case."

Garroway went on to say that it was decided some months ago to record in advance the portion of the program seen in all time zones. Otherwise, he said, people on the West Coast would have to get up at 4 a.m. to see it, since it begins at 7 a.m. in New York.

### "No Secret"

"There has been no secret about all this taping, no secret whatsoever. It was given all the publicity our press department could give it."

"When Van Doren was suspended, our studio was besieged by reporters. None came in the morning, they came in the afternoon," said Garroway.

However, he asserted, that "when I broke down when I was telling about Charles, newspapers suddenly found out I was on tape."

DETROIT (AP) — Discontinuation of the medium-priced Edsel revived speculation in the auto industry today that Chrysler Corp. may drop its slow-selling De Soto line.

Such rumors have been prevalent in industry circles for several years, but have been denied every time they have cropped up.

Observers noted, however, that Ford Motor Co. had previously denied it would stop producing Edsels. Thursday, the company said the line was being dropped because of poor sales.

## Says It's Shame Women Pulled Down To Equality

By DOROTHY ROE  
Associated Press Women's Editor

"We think it's a shame that American women have been pulled down from a position of superiority to prosaic equality," says suave, handsome Abdol Hossein Hamzavi, Iranian delegate to the United Nations.

"Women should be cherished, respected and shielded from all the unpleasant things of life—such as voting."

The polished diplomat speaks with conviction. He says that in his native land live some of the world's most beautiful, cultured and brilliant women, beloved by their husbands, revered by their sons — products of one of the world's oldest civilizations. He has little admiration for America's bustling career girls and working wives.

Divorces Easy, But Few  
"In my country the majority of marriages are arranged by the parents, and they usually work far better than the effervescent and immature marriages of young couples in America," he says.

"Divorce is easy. A man has only to say three times, 'I divorce my wife,' and the deed is done. Yet statistics show our divorce rate to be about one-millionth of that of the Western world."

Can Iranian women obtain a divorce by the same simple process?

"Well, no," says Hamzavi. "Divorce is a man's responsibility—like other unpleasant things in life. But now, for the first time, an Iranian woman can get a divorce, by proving cause and establishing legal grounds, through the courts. It's harder for her, but possible."

### Some Lessons To Learn

Hamzavi says American could learn some valuable lessons from Iranian family life.

"We feel that family education is far more important than anything else," says he. "In an Iranian family the mother is the final and absolute authority. Her word is law. As an ambassador, aged 48, I would not dare to sit in the presence of my mother until she bade me do so."

"We have no juvenile delinquency in my country. We don't even have such a word in the Iranian language. There is no need for it, because juvenile crime is unknown there. We believe in child discipline."

DENVER, Colo. (AP)—Richard J. Osenbaugh, 79, former president of International Assn. of Lions Clubs, died Wednesday. Osenbaugh was vice president of the Denver Brick and Pipe Co.

PITTSBURGH (AP) — Eleanor R. Baltzell, 88, reportedly the last surviving, founding member of the national society, Daughters of the American Revolution, died Thursday.

## Held In \$5,000 Bail For Fraud

PHILADELPHIA (AP)—A former suburban Upper Darby man charged with using the mails to defraud has been ordered held in \$5,000 bail.

Theodore F. Challingsworth, 42, was accused of collecting \$1, in the past 1½ years by advertising guns, knives, tents and other equipment in various hunting magazines and not filling any orders.

This was asserted by U. S. Atty. James J. Phelan at a hearing Friday before U. S. Commissioner Edward W. Furia.

Challingsworth did not testify. Police said the mail order business was conducted from Spennard, Alaska. Challingsworth moved to Alaska with his family six years ago. He returned here last year.

## U. S. Advised To Stockpile Steel

WASHINGTON (AP) — The Steelworkers Union has told the government it better get busy stockpiling steel for defense needs because the steel strike is likely to resume in late January.

Arthur J. Goldberg, union counsel, said the union wants to make it "perfectly plain that, should the strike resume, any peril to the national safety will not be chargeable to the United Steelworkers of America."

## YOUTH IS HELD FOR KILLING 3

TROY, Mo. (AP) — A young man, his teen-age wife and her sister were shot to death in a farm house near Troy Friday.

Alfred Mario (Pat) Corradi, 18, a laborer, told police he killed them, but said he didn't know why.

The dead are Leroy Albert Kappel, 25, employee of a St. Louis stove manufacturer; his wife, Mary Sue, 18; and her sister, Rosetta Willis, 17, East Prairie, Mo.

Corradi was charged with first-degree murder in each of the three slayings. Prosecutor Peter Grewach said this is the story he told:

Corradi, who referred to the Kappels as friends, went to the farm house, taking hamburgers and French fries. He shot Kappel in the living room, then went to the kitchen and shot the women.

Then he drove to the St. Louis suburb of Jennings and told his girl friend what he had done. His girl friend's mother called police.

Grewach said the hamburgers and French fries had been only partly eaten, and shells from a .22 caliber rifle and .38 caliber revolver were "all over the place."

He said the victims apparently were shot 25 to 30 times.

IT'S THE "Something More" THAT MAKES BLUE CROSS BETTER!

### Protects you in emergencies

Disaster does not give warning. It strikes with sudden fury. Your hospital must be prepared at a moment's notice all hours of the day and night to cope with the unexpected.

Demands for hospital service vary from day to day. Unlike most businesses which can regulate their working staffs, hospitals must be prepared for any eventuality, 24 hours a day.

In addition to community emergencies, think of the hundreds of personal emergencies your hospital meets... no less dramatic when the call is for a member of your family.

For a hospital to be ALWAYS PREPARED is an added expense. It requires that skilled personnel and special equipment be available at all times.

Blue Cross provides low-cost protection against the impact of the costly hospital bills which follow your personal emergency. Inquire today and learn why it's the "something more" that makes Blue Cross better.

## SAY SLEEP MAY BE KEY TO LONGEVITY

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

If you want to live longer, get more sleep. Many doctors now believe that if you don't sleep regularly a minimum of eight hours each night, you reduce your life expectancy.

Incidentally, the famous physician, Sir William Osler, gave this tip to insomniacs: "Undress your soul at night by shedding, as you do your garments, the daily sins, whether of omission or commission."

### Funniest Definition

The first known helicopter was a model built in 1490 by Leonardo da Vinci. But the funniest remark ever made about the helicopter was delivered by an anonymous genius who observed, "It looks like something designed by committee."

Motto for teen-agers: "If you want to be successful, be like the postage stamp. It sticks to one objective until it reaches it."

Our quotable notables: "Man's capacity for justice makes democ-

If you really want to lose weight, here are some interesting diet items to pep up your menu: One portion of rattlesnake meat contains 200 calories, five fried grasshoppers, 225 calories, 10 choco' te-covered ants, 250 calories, one serving of barracuda, 135 calories, and one small glass of skimmed hippopotamus milk, 80 calories.

Burial insurance dates back to Roman times. Since the average person then didn't live to be 25, they really needed it.

### New Elm Menace

Where did the Germans get their name? In no time these warlike tribesmen hollered as the entered battle, so the Gauls called them "Germani," from a Celtic word meaning "to shout."

Lawn peril: One of America's best-loved trees, the elm, already hard hit by Dutch blight, now faces a new menace in the form of a virus disease known as elm scorch. It takes four to six years to kill a tree, and there is no known cure.

Fashions in girls' names change once or twice a generation. But if you think the most common boy's name in the English-speaking

## TRY TO GIVE BIG MANSION AWAY

PHILADELPHIA (AP) — Any group want a \$50,000 estate with a three-story colonial stone house? Officials in suburban Radnor Township are having trouble giving it away.

The estate was willed to the township to be used for "cultural and social purposes only." Two sisters, Ellen and Rebecca Windsor, made the bequest. They died within an hour last July 25.

Township officials passed the word around the property was available to any organization which could meet the stipulation of the will.

A month passed, but no takers. Thirty more days went by. Still nothing.

The executors of the estate then called for decisive action. A citizens' committee, was formed to study the problem and recommend a solution to the township commissioners.

"We just haven't been able to find anyone who meets the conditions of the will," says Donald P. Horsey, head of the committee. "We've had several meetings so far, but just haven't been able to come up with any solution."

"The whole trouble is the building is cut up into small rooms and doesn't lend itself to the sort of thing the Windsor sisters had in mind."

## Issue Warning On Space Heaters

HARRISBURG (AP) — A warning has been issued by the State Health Department against the use of certain make of space heater for small auto trailers.

Secretary Charles L. Wilbar Jr. said Saturday the U. S. Public Health Service asked him to alert Pennsylvanians to the danger posed by the heaters, which are believed to have caused the death of eight Michigan persons—five of them hunters.

He said the brand name of the heater, which uses bottled gas, is "Thurm Heater."

"Investigations have shown that the heater very rapidly builds up lethal concentrations of carbon monoxide under normal operating conditions," Wilbar said.

## JOHN N. GARNER 91 ON SUNDAY

UVALDE, Tex. (AP) — Former Vice President John Nance Garner—the once crusty but now genial Cactus Jack—marked his 91st birthday here Sunday with a huge cake and a quiet party given by old friends.

There was one solemn moment at the informal party during which Garner waxed sentimental or humorous as he swapped jokes and political yarn-spinning with his neighbors.

It came when his son, Tully Garner, formally presented him with a portrait of the late Mrs. Garner, who was the former vice-president's chief administrative aid and advisor in his long political life. The portrait was painted by Garner's only grandchild, Mrs. John Currie.

Obviously moved, Garner said "I know you men have wonderful wives but not one of you has a wife as good as mine was." Garner, who retired from politics in 1940 after a historic break with Franklin D. Roosevelt over the third term and the Supreme Court issues, said only that he wants to live to be 92 so that he can square off his years of public and private life. Garner spent 46 years in public service.

## ELI WHITNEY SUBJECT FOR HOUR OF TV

By CYNTHIA LOWRY

AP TV-Radio Writer

NEW YORK (AP)—Some of us who have always associated the name of Eli Whitney with the cotton gin were expecting Sunday night's "Our American Heritage" drama to be full of plantation scenes and spirituals. The NBC biographical drama, however, was briskly concerned with a man who invented mass production and was a musket maker.

Except for passing mention that growers were "wailing about green seeds plaguing their cotton," and a glimpse of a box the size of a small suitcase, there wasn't much about Whitney's famous gin. He didn't make a cent out of it although it revolutionized the South, and he invented it in a couple of days during a southern visit.

### Played By Burgess

The play was concerned with his life after he returned home to New Haven, bitter because Southern courts had not upheld his patent rights. Within minutes, however, he was inventing the production line—as soon as he saw Peggy Ann Garner cracking walnuts under the rocker of her chair. Don't ask me how the walnuts inspired that reaction. The problem was that the 1797 federal government needed 10,000 muskets fast. Whitney figured he could stamp them out by using machines manned by unskilled labor.

Burgess Meredith played Whitney as a brusque preoccupied man so passionately concentrated on his inventions he had little time for anything else, including a pretty girl played by Miss Garner, who proposed to him three times.

This type of historical drama invariably has a principal character that is so involved in important world changing events that — in an hour show — there isn't time to do much about developing character and small human touches. Thus the play is not as gripping as it might be.

It was a great weekend for the music and dance lovers.

On Friday night, of course, there was the tasteful NBC Telephone Hour, this time playing Gershwin. The music, of course, was great, and the performers were,

too—Polly Bergen, Vic Damone, Ella Fitzgerald and the engaging Marge and Gower Champion.

Gene Kelly arrived on Saturday night with more dancing and songs. The NBC show lacked the polish and the imagination of the recent Fred Astaire special, but had taste and verve. Kelly had Carol Lawrence and Donald O'Connor as talented helpers.

Then Leonard Bernstein and the New York Philharmonic played Mozart Sunday night on CBS. The film was taken in Venice during the orchestra's recent European tour and was enlivened by Bernstein's talks about the music and the composer.

NEW YORK (AP) — The city will illuminate its playgrounds to help cut juvenile crime, says Mayor Robert F. Wagner. He announced Thursday that bright lights for 20 playgrounds in the worst nighttime trouble spots will be provided at a cost of \$80,000.

PITT HUMBLES  
NITTANY LIONS;  
LEHIGH UPSET

PITTSBURGH (AP) — "They just outran us, tackled harder and blocked harder," is the way Penn State Coach Rip Engle sums up his team's 22-7 loss to the Pitt Panthers.

After a slow start this season, the Panthers upset the seventh-ranked Nittany Lions Saturday at Pitt Stadium.

"Our kids were blocking real well out there and it was a helluva team victory," said Pitt Coach Johnny Michelosen. "The key play was Cox's 86-yard touchdown run in the third period."

**Bad Day For Lucas**  
The touchdown run by Fred Cox followed one by Ivan Tomic in the first quarter and another on a 35-yard dash by Bob Clemens in the second period. Pitt also tallied two points on a safety.

Dick Pae scored the Lions' only TD on a nine-yard run.

Penn State quarterback Richie Lucas, an All-America candidate, had one of his worst days on the gridiron. He gained only nine yards rushing and completed 5 of 14 passes.

**PSU Has 8-2 Mark**  
The victory, the sixth for Pitt against four losses, left fans talking about a powerful Panther eleven in 190 and a possible bowl bid this year.

Penn State wound up regular season play with an 8-2 mark. In other season ends, Lafayette upset favored Lehigh 28-6 in the 95th renewal of their series. Swarthmore and Haverford played a scoreless tie with both teams missing field goal attempts in the final period.

Delaware beat Bucknell 22-6 in a contest that saw the loser's Paul Tehres complete 23 out of 36 pass attempts.

Albright closed out its best season since 1937 with a 48-14 victory over Franklin & Marshall. It made the Lions record 7-3 and gave them the North College Division title in the Middle Atlantic Conference.

Muhlenberg trounced Moravian 20-8, Gettysburg defeated Temple, 35-0, and Villanova downed Detroit 40-6. Ursinus nipped Dickinson 14-10 and the National Aggies bowed to Trenton 19-0.

In the only regular season games remaining in the state, Penn meets Cornell and Scranton plays Hofstra on Thanksgiving Day.

WICHITA, Kan. (AP) — Oklahoma State's Dick Soergel was named "Rookie of the Year" today for non-pro baseball.

The National Baseball Congress said Soergel was picked from 500 players in the national nonpro tournament as the young player most likely to reach major league stardom. His pitching was a major factor in winning third place for the Cherokee Chiefs, Oklahoma champions.

Playing in four games, he pitched two wins and was unbeaten. In 18 innings on the mound he allowed one run and 13 hits. The 20-year-old right-hander, a 6-foot 3, 175 pounder, is from Oklahoma City.

WALL STREET  
CAUTIOUS ON  
GOLDEN '60'S

By ED MORSE  
AP Business News Writer  
NEW YORK (AP)—The "golden sixties" are just around the corner—but Wall Street's attitude to them is tinged with caution.

Time was when stock market analysts spoke in glowing terms of the opportunities for profit that lay in the '60s. They based it greatly on the fact that the rash of wartime marriages in 1941-45 produced a bumper crop of babies—and these "babies" would start marrying and setting up homes of their own beginning in the '60s.

They'd want new houses, new cars, new refrigerators, new television sets—everything a young family wants—and the companies that make these things would enjoy a booming business. Their stocks, too, would soar on the nation's exchanges, it was said.

**Some Clouds In Sight**  
As the '60s approach, however, they are beclouded by—  
An unresolved steel strike.  
A possible railroad strike.  
Strikes in other metalworking industries.  
Stiffer interest rates.  
Increasing foreign competition.  
A drain of gold from the country.

Apparent Soviet superiority in missiles, and a continued cold war.  
"Outlook Not Good"  
Veteran stock market analyst Edson Gould of Arthur Wiesenberger & Co., a distinctly upper-bracket investment house, looked at these elements and said: "As I see it, the outlook is not good. For the immediate future, the economy looks overdeveloped and vulnerable. I advise caution in the stock market—keep your funds no more than 65 per cent invested. Save 35 per cent for a reserve."

G. Keith Funston, president of the New York Stock Exchange, estimates that by 1970 the total goods and services produced by the United States will rise from the 1959 estimated total of 450 billion (b) dollars to about 700 billion (b) dollars. He anticipates a population of almost 215 million in the United States.  
"The American economy in 1960," he said, "stands on the brink of an incredible decade."  
He predicted that the number of Americans who own stock will increase from the present total of 12½ million to 22 million by 1970.  
"The possible shape of tomorrow is appealing, but achieving it

ought not to be oversimplified," said Funston. "For we are also up against stupendous stumbling blocks—an appalling air of complacency, the continued danger of

inflation, an unrealistic tax structure that discourages sufficient growth and an apparent unwillingness to eliminate featherbedding and high-cost production."

NEW RATES FEBRUARY 1  
WASHINGTON (AP)—New parcel post rates announced last week will go into effect Feb. 1, well

after Christmas mailing is finished.  
Postmaster General Arthur E. Summerfield announced the effective date late Saturday. The rate

increases, averaging 17.1 per cent and totaling about 88 million dollars a year, were approved Friday by the Interstate Commerce Commission.

# TEN TRAFFIC DEATHS IN 18 OVER WEEKEND

**By THE ASSOCIATED PRESS**

Traffic accounted for 10 of the 18 accidental deaths in Pennsylvania over the weekend.

Miscellaneous accidents claimed seven victims, including two 16-year-old Reynoldsville boys who sped their car off the end of a runway at an unfinished airport.

Police said David Golla apparently was trying to see how fast his car would run when it hurtled off the end of a runway at the DuBois Municipal Airport Friday night. It hit a tree stump and caught fire, killing Golla and his friend, John Evans.

**Perishes In Fire**

Miss Eleanor Fennell, 48, of Norristown, perished in a fire in her apartment Saturday. She was the only fire victim.

Among the other miscellaneous accidents were three which resulted Saturday from guns.

Seventeen-year-old Michael C. Martelli of Philadelphia was looking over a friend's pistol when it discharged. Roy Costello, 18, of Pittsburgh, died playing Russian roulette. George Sabol, 16, of Morrisdale, was injured fatally in a hunting accident near Clearfield.

Two deaths in the traffic category resulted from hit-run accidents Saturday night, police said. The victims were Edward Harrison, 9, Philadelphia, and Charles W. Barron, 28, Perkasie R. 1.
